Agape Full Gospel Church, Honiara

The items donated to the above church were 5 blue chairs, 2 office chairs, 9 green chairs and 1 desk table. They were handed over to Missionary Joshua Robert. Items donated will support the work of the church. Also, this is to appreciate the Church for availing their vehicle for transportation of items to members' residential houses and for their youth members assisting with the unpacking. They were us since the inception of the project.

Urban Early Childhood Education(ECE) School

Urban ECE school is a newly established school started last year 2018. The school was established by Leah and husband together with sister inlaws. It was located in the outskirts of Honiara where my family resides. We established the ECE school as most children in our community don't attend ECE education. They are roaming around every day as parents ignore their children's right for education. We felt that we have to do something to help these children how to read and write. Because of this we've started the ECE school with nothing, no resources and materials. Our family contributed to purchase resources and materials for the children and we started with 30 children. No fees charged is charges as most parent are not in formal employment. Children just sat on the floor. This year the school was lucky to receive 3 desks, 39 chairs, 4 blue chairs for teachers, 3 boxes of kindy reading books and 3 containers of mixed stationaries from the Uplift Solomons. The Headmistress of the school Ashlyn Tua thanked the Uplift Solomon for the much-needed items for the children. The children were so happy to have new chairs and tables.

Christain Life Centre Church

I distributed 13 boxes of bras to women of this church group. The bras were handed to the Pastor's wife Mrs Margaret Subu. The boxes were handed over during the unloading of the container at the Christain Life Centre Church compound. This church is an Assemblies of God church. They allowed Uplift Solomon to use their church compound for unloading of the container so members agreed to donate 13 boxes of bras to the church women and girls.

Leah & Georgina Handling over boxes of bras to the women

White River Urban Clinic, Honiara

A box of medical general items which was mistaken for bras was donated to this clinic that is located in Western Honiara.

Handling over of box to registered nurse

Honiara City Women Connect Fellowship

The City Connect Women Fellowship Group comprises of different denominations that gathered together every month to have fellowship. There are single mothers, widows, housewives and working mothers in this group. They never received such free gifts and thank the Uplift Solomon for the donations. They all get 2 each two bras each

Distribution of the bras

Woman trying on a bra

Tuvaruhu School Teachers, Honiara

Two boxes of bras were handed over to Diana Wateorea a teacher at Tuvaruhu school. Diana is a church member in my church and she distributed the bras to the teachers.

My apologies, photos were mistakenly deleted.

Malango Women, Central Guadalcanal

Three boxes of bras were handed to Vivian Dola to distribute to the women and girls of Malango in Central Guadalcanal during her Child Evangelism Mission in July. Below the picture of women posing with bras. They are so happy with the bras and pass on their acknowledgement to Uplift Australia for the donations. Feedback from Vivian was that the extra large bras just fit most of the mothers. She is an elder in our church and looks after the Child Evangelism Fellowship in Solomon Islands.

West Kwara'ae, Malaita

The women Ministry Leader acknowledge the Donors and Uplift Solomon for the donation of free bras. It will take them years using the bras as they of high quality better than chinese made bras sold in Honiara.

Repacked bras and mixed clothing in three large farmer bags distributed to Trinity and Gwaidaedae Ministries.

Women of Trinity Ministry with their bras and clothes

Women of Gwaidaedae Ministry

East Kwara'ae, Malaita

Women from Kibokosi, Walulu, Atori, Kwai, Ngongosila and other highland communities expressed their sincere thank you for the free quality bras. Some were even emotionally when receiving the bras. Some of the women don't wear bras as it is forbidden in their culture. One of the highlander women in middle of the bush said to me she was sacred to take the bras up to the bush because families will question where she got the bras. In tears she said she will try and explain to the elders and chiefs of our community. Culture is still very strong in the highlands of Malaita that women and girls don't wear bras. I handed over 5 bags of bras and mixed clothing. They all expressed their appreciation to donor Uplift Australia for the donated items and Uplift

Solomon for the distribution. It touched my heart as I saw women and girls in the rural areas that don't have access to these most needed items especially bras, children clothing, men clothing, women clothing, warm clothings and undies.

Duirng my one week church mission visit I also taugth the women some lessons on cooking.

The Highland Women Reps

Women Reps from Walulu

Women Reps from Atori, Kwai and Ngongosila

One of the villages visited during our church outreach program

East Kwaio, Malaita

Four boxes of Bras and two adult clothing were handed over to the two Fijian Missionaries. The two missionaries will spend few months at East Kwaio where most people are still worshipping their ancestors . It is a challenge for the missionaries because of culture is still very strong as women and girls still wearing traditional wear (Kabilato). The missionaries thank Uplift Australia and Solomon for the donations.

Missionaries receiving the boxes

Ysabel Highlands

Two boxes of bras were handed over to Rebecca Rockson for a village in the highlands of Baolo, Ysbael Province. These are remote villges in the higlands. She thanked the Uplift Australia and Solomon for the kind donations to the women and girls from her village.
